

B2B 2025 WALK INFO

 **SHARE**

Walkers are responsible for their own welfare and should carry a pack with:

- snacks & water bottle or bladder
- mobile phone
- food to meet special dietary requirements
- raincoat or poncho
- hat & sunscreen
- personal or medical items

Toilets, First Aid, Water Refills, morning teas and lunches are included in ticket prices, but we cannot meet all dietary requirements.

The B2B “Hop on, hop off” support bus is generously provided by Dyson Group, and is always nearby for a rest or a ride to the front. For your safety, the B2B crew may ask you to join superstar bus driver, Mads, for a section. **This is crucial for a safe and successful event.**

Amplify our message and help smash the stigma by sharing your B2B pics or thoughts on social media.

Tag us **@b2bridge** on Facebook & Insta and use:
